Cost Savings

## Leader In **Sustainable** Solutions

Packaging is the first thing that consumers see. Sustainable packaging enhances your customers positive experience when purchasing sustainable products.

### Bio-Degradable PolyWrap

Our poly includes a light stamp that lets recipients know it's 100% biodegradable with zero long-term environmental effects

### Addressing Solutions Print-On-Piece

For your Canada-addressed mail, add virtually no additional environmentally impactful elements to your pieces

### Addressing Solutions White Label

The Mail Group uses high-end label printing equipment and eco-friendly materials and finishes

### Recyclable Paper Enveloping

We offer 100% recyclable paper enveloping options for your flats with efficient operations ensuring attractive pricing.

## About The Mail Group

At The Mail Group, we strive to do our part in helping our customers meet their eco-friendly goals and objectives.

## Why Choose Us?

We have and continue to invest in new eco-responsible options associated with the mailing and delivery services.
